The Green Heritage® Pro line of bath tissue and towel products from Resolute Tissue has been known as an environmentally aware brand for decades. It is also carefully crafted to be a pleasure to use – delivering the visual appeal, softness and strength customers need, all at a great value. And now with new certifications, and an additional high-yield pulp – which uses less wood than traditional kraft pulp – the Green Heritage Pro footprint becomes even smaller.

- All internally manufactured Green Heritage products carry the SFI® Certified Sourcing label on the packaging, ensuring that the fiber used in these products comes from a company that is certified to the SFI Certified Sourcing standard.
- Two hardwound towel offerings include recycled fiber and are Green Seal certified.
