Dinner Boxes

- Made of modified polystyrene (PM), a special polystyrene blend suitable for hot foods or items requiring microwave reheating
- Compartmented lids and bases keep portions contained and prevent food from migrating
- Vented lids prevent steam build up
- Anti-fog lids resist fog in hot applications

Easy Close feature for fast, secure closure with minimal effort

"An increasing number of consumers are opting for prepared food items, which are up 30% in the past five years."

NPD Market Research Group (2014).
