

HORIZON®

Stock Printed
Insulated Foam Cups

A colorful design to brighten your sales

Horizon's design adds a touch of color to any beverage service, while providing an economical alternative to custom print. Suited for hot or cold beverages, Horizon foam cups are color coded by size in attractive, contemporary colors. Lid interchange between the most popular sizes allows you to simplify your operation and minimize inventory requirements.

Horizon foam cups are printed with UV inks for brighter colors and sharper print definition. UV inks emit no volatile organic compounds into the environment.
