

Flexstyle® DSP Paper Food Containers and Lids

 Recyclable - May be recycled if you have access to a recycler that accepts paper foodservice containers. Such facilities may not exist in your area.

 Renewable - Made from 91% plant-based renewable resources that can replenish themselves and meet sustainability goals.

- Fibers certified under SFI® chain of custody.
- Application versatility ideal for hot and cold food applications!

Features

Dual-temperature usage

Multi-purpose, double-sided polyethylene container that can be used for both hot and cold applications with a maximum temperature of 205°F

3 Containers / 1 Lid Interchange

One lid fits 3 container sizes to reduce storage requirements and increase operational efficiency

Eye-catching graphics -

High-gloss polyethylene coating on the outside of the container allows for exceptional print quality and a smudge-free surface

Wide-formed rim

Gives excellent rigidity to the container, making it durable for heavier foods such as hard-packed ice cream

Portion control

Flush fill capacity on all sizes, except the 32 oz, to reduce food costs and increase profits

HeartySoup

Symphony
