---

The Fresh 'n Clear™ Catering Collection of platters and bowls allow you to securely, attractively and sustainably present a wide assortment of foods. With a sleek design that lets your food take center stage, the Catering Collection is designed to convey a high-end feel at an affordable price.

## **Sustainability**

Our crush and crack resistant party trays, bowls and lids are made using our food-safe EcoStar post-consumer recycled PET material. EcoStar material is 100% recyclable.

## **Stacks Great, Transports Effortlessly**

An innovative tray base venting system slowly releases trapped air, preventing lid “ballooning” for easy stacking. Our tight lid-to-base seals ensure product freshness while allowing you to stack and transport food with total confidence.

## **Flexible and Versatile**

Catering Collection trays and lids work for a variety of foods, from sandwiches and salads to fruit and veggie trays, and desserts. The trays' low, sleek profile enables customers to see product clearly for strong food presentation from any angle.

## **Fresher Longer**

Flat or domed lid options seal tight to ensure product freshness.

## **Better Packaging Means a Better Experience**

Dedicated to solving problems through innovation, our packaging inspires better engagement between people and products. Our large selection of high-quality stock and custom food packaging offers food retailers and their consumers quality, protection and sustainability.
