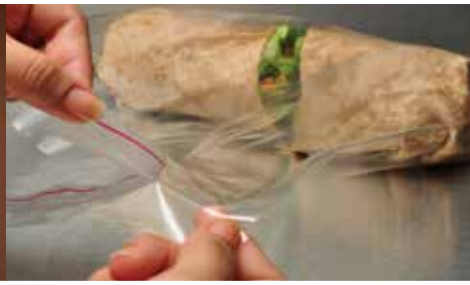
The Right Partner for *YOUR* Success!

FOODSERVICE CATALOG

Elkay® Plastics Co., Inc.



THE ELKAY® ADVANTAGE

For over 45 years, Elkay® Plastics has sold exclusively through distribution and that vital partnership has made us the leader in flexible poly packaging. We've worked to make our distributor partners more successful and help them grow their poly bag business by providing outstanding quality, service, support, and much more. Some of the advantages that we provide to our distributors to help them succeed include:

• *SELECTION & AVAILABILITY to meet all your customers' needs.*

We provide immediate availability of our vast array of nearly 3,000 in-stock products. Eight distribution facilities around the US allow us to service 80% of the country with same day or next day delivery, and the remaining territory with two day delivery. Many of Elkay's customers depend on our prompt delivery capabilities to reduce their costs.

• *SERVICE, that makes your job easier.*

Unsurpassed service from Customer Service Representatives who undergo rigorous training and certification gets you the right answers the first time, every time. Whether you need application assistance or product specifications, their in-depth knowledge means you get accurate information quickly, ensuring that you get the right product for your needs.

• *HIGHEST QUALITY, consistent product you can count on.*

Superior product quality and integrity ensure our products are consistently free from defects. Rigorous quality and certification standards such as ISO 9001:2008*, CFIA and Annual Food Safety Audits ensure our processes are consistent in order to always meet or exceed customer expectations. Our C-TPAT certification strengthens the reliability of our supply chain to help ensure product availability in addition to helping to ensure the safety and security of our employees, business partners and customers. ***Los Angeles, Atlanta and Chicago divisions***

• *EXPERTISE, to help your business grow.*

Our nationwide network of field sales consultants act as an extension of your sales force. They help you select the right product for your customers' application, provide product training and assist in the sales process.

• *CUSTOMER-FRIENDLY packaging that saves time and money.*

Many of our bags are shipped in cartons with individually labeled inner packs, ensuring that the products you receive are clean, orderly, and organized every time. Our dispensing system improves your customers' cost control, facilitates inventory management and minimizes waste.

• *LOW PREPAID ORDER MINIMUMS allow you to order on your schedule.*

Your warehouse space is precious. Our competitively priced products have low order minimums so you can order the products you need, in the quantities you need, when you need them.

• *CUSTOM MANUFACTURING when a special bag is required.*

Regardless of whether you need many containers of custom bags delivered directly to your customer or a short run of a few thousand custom printed bags, Elkay has the resources to deliver both quality and value. With the ability to print up to eight colors per side and a broad selection of materials, additives and configurations to choose from, Elkay can make your most elaborate designs a reality.

• *MODERN TECHNOLOGY that makes your life easier.*

Elkay's mobile-friendly website, www.elkayplastics.com provides immediate access to pricing, product information, invoice history, UPS tracking, and order placement, even when you're on the go. It's also the home of our exclusive e-Brochure feature, which allows you to build customized product literature to help you sell more effectively. Elkay University **(www.ElkayUniversity.com)** is an online training module that helps Distributor Sales Reps learn about poly bags and how they're used in industry-specific product applications for Foodservice and Healthcare to expand sales opportunities in these areas.

The Right Partner for *YOUR* Success!

BAG MATERIALS:

TUF-R® Linear Low Density Polyethylene (LLDPE): provides superior strength in a lighter gauge than LDPE, resulting in significant cost savings and resource reduction.

Low Density Polyethylene (LDPE): Provides excellent protection for everyday use at a great price.

High Density Polyethylene (HDPE): bags are used for utility food storage bags and T-Sacks because of their strength and low cost.

Polypropylene (PP): outstanding food protection properties combined with extraordinary clarity makes these bags ideal for food storage and retail presentation.

Polypropylene Co-Extruded (PPE): bags provide excellent performance from the freezer to the microwave, with outstanding clarity for superior product presentation

The Elkay® ADVANTAGE

ELKAY PACKAGING

Elkay packaging is second-to-none! Elkay bags are packaged in clearly labeled and bar-coded cartons to help your operation run more efficiently. Most of Elkay's case-packed bags 15 inches wide and under are packaged in individually-labeled inner dispenser packs for convenience, protection and to reduce waste.

The Elkay Way

A Leading Competitor

Ask yourself: Which of these "identical" products would your customer rather package their products in?

TUF-R® BAGS the STRONG, ECONOMICAL CHOICE

Use a lighter gauge TUF-R® LLDPE bag instead of a heavier gauge LDPE bag for real cost savings. Compare TUF-R® LLDPE to LDPE and see how much you could save:

	LDPE:	TUF-R® LLDPE:	Potential Cost Savings:
GUSSET BAGS	0.9 - 1.25 mil	6G or 7G Standard	25% or More!
	1.25 - 2 mil	8G Heavy	
FLAT BAGS	1.25 - 1.5 mil	7F Standard	15% or More!
	2 - 3 mil	8F Heavy	
	3 - 4 mil	9F Extra Heavy	

Savings results may vary. Customers should test and verify the appropriateness of any packaging material. Samples available upon request.

WHAT'S A FAST TAKE® BAG?

The Fast Take® bag from Elkay® is a great solution for grab-and-go meals.

- School Lunches
- Conferences and Meetings
- Golf Outings
- Catering

There are many other possible uses for the Fast Take® bag: Use it in a C-Store or Coffee Shop for a grab-and go meal solution. Package Produce in it for increased sales, or use it as a reusable merchandise bag.

With the Fast Take® bag, the possibilities are limited only by your imagination!

12.6 SPECIALTY TAKE OUT BAGS: HOT FOOD BAG

- Made from strong LLDPE with Metallocene for added strength
- Convenient die-cut handles for carrying
- Tamper-evident adhesive strip to seal the bag
- Tear perforations to open the sealed bag

ITEM	SIZE	MATERIAL	GAUGE (MIL)	QTY /CASE	APPROX LBS/CASE	CUBE
NEW WBPL719+3	7 X 19 + 3½BG + 1¼FB	LLDPE	2.5	250	6.4	0.19

WHAT'S A WINE TO-GO BAG?

Wine To-Go Bags can make it easier for restaurant and winery customers to take home partially consumed bottles of wine because some states allow the bottles to be transported as long as they're in a sealed bag of this type*.

- Restaurants can sell more wine
- Increased satisfaction and spending
- Potentially reduce DUI liability risk

**Check your local laws for details*

WHAT'S AN ICE BAGGER?

Ice Baggers are used by C-Stores, caterers, and many others to save money by bagging their own ice. Pre-bagged ice is expensive and inconvenient, and automatic ice bagging systems cost several thousand dollars and are designed for high volume. Ice Baggers solve all of these problems and can produce real cost savings!

18.3 ICE BAGGER AND BAGS

- Sturdy rust-resistant metal construction
- Includes hanger bracket and ice funnel
- Removable ice funnel for easy cleaning
- Can be configured for left or right-hand operation

ITEM	FOR USE WITH BAG SIZE	SIZE

Elkay® and the Environment

Elkay® Plastics fully supports measures to increase sustainability and reduce our impact on the environment. In addition to corporate energy, waste and water-saving measures, some that you'll find in our products include:

- **Practically all of Elkay's poly bags are recyclable, including those containing d2w® Controlled-Life Additive.***
- **d2w® Controlled-Life Additive is used in many of Elkay's Take Out Bags and T-Shirt Bags to help them break down more quickly if left in the open environment.**
- **Elkay's TUF-R® LLDPE bags promote source reduction by reducing the amount of resin needed to produce the bags.**

You can find out more about the steps that we're taking on our website, www.elkayplastics.com.

**Except Poly-Nylon Vacuum Pouches*

SECTION 23 READY. CHEF. GO!® PROGRAM

READY. CHEF. GO!® Consider dinner done.

Ready. Chef. Go!® is more than a cooking bag, it's a complete program that grocers and food processors are using to increase their sales, profits and customer loyalty. When your grocery and food processor customers implement the Ready. Chef. Go!® program, they're taking advantage of one of the hottest trends in the Foodservice industry: fresh packaged meals that consumers take home and cook for a delicious meal in minutes without the mess or fuss normally associated with home cooking. The bags listed below are our stock bag program. The bags can be customized to meet the needs of practically any program for a unique customer experience.

GOURMET COOKING BAGS

- Bags are available plain or printed with cooking instructions for a variety of proteins and vegetables in English and Spanish
- Can be used to cook in microwave or oven for great results every time
- Features a clear opening window and natural (brown) or black backing

23.1 GOURMET COOKING BAGS (*Adhesive & Heat Seal*)

- Self-sealing fold over tape strips create a leak and odor resistant seal (*Adhesive Seal*)
- Seal with standard impulse sealer (*Heat Seal*)
- Packaged 250 bags/case

SELF-SEALING BBQ BAGS

THE READY. CHEF. GO!® BAG IS AT THE HEART OF A COMPLETE PROGRAM THAT BENEFITS CONSUMERS, GROCERS, AND PROCESSORS

FOR GROCERS:

Ready. Chef. Go!® helps grocers give their customers the fresh, ready-to-cook meals that they're looking for. The grocer controls the program, so they can take advantage of regional preferences to cater to their customers' unique tastes. Consumers enjoy the taste, convenience and value that Ready. Chef. Go!® provides.

- Increased perishables sales (at a great margin!)
- Builds customer loyalty
- Completely customizable program to meet your local needs
- Training and support available

FOR PROCESSORS:

With the Ready. Chef. Go!® Cooking Bag, food is gently steam cooked in the oven or microwave, resulting in a delicious meal in minutes. The bags work great with a wide variety of meats, seafood and produce, so processors can create unique meal solutions. Custom bag options include size, printing, laser perf and more.

- Steam cooking method for excellent results with a wide variety of foods
- Custom options for different meals and preservation requirements

FOR DISTRIBUTORS:

Don't just be a "me too" supplier to your customers! Work with your grocery and processor customers to create a Ready. Chef. Go!® program that is profitable and helps build customer loyalty. The Ready. Chef. Go!® sales team can work with you and your customers to build a successful program.

CUSTOM READY. CHEF. GO!® PROGRAM

Custom printing, bag configurations, bag sizes and other features such as vents and laser perf can be incorporated to produce a bag that meets your exact needs. Our team can help you and your customers with specifications and the design process.

www.ReadyChefGoBags.com

CUSTOM BAG PROGRAM

For all those times when a stock plastic bag doesn't quite fit perfectly, look to Elkay for the custom solution. Many poly bag manufacturers are severely limited in what types of custom bags they can produce. Elkay, on the other hand, has some of the most extensive custom manufacturing capabilities in the industry. There's an excellent chance that if you or your customer can imagine it, we can make it!

Regardless of whether you need many containers of custom bags delivered directly to your customer or a short run of a few thousand custom printed bags, Elkay has the resources to deliver both quality and value. With the ability to print up to 8 colors per side*, Elkay can make your most elaborate designs a reality.

SHORT RUN CUSTOM BAG PROGRAM

Even though Elkay is known for our ability to produce large runs of complex custom bags, many people aren't aware that we also have the ability to produce smaller runs to your exact specifications in as little as two to three weeks, and at a very competitive price. Because our Short Run Custom Bag Program can supply your customers with quantities as low as 50 pounds of product, it can help them control their cash flow by not requiring them to commit to a huge inventory that won't be needed for a while. See the specification table below for short run capabilities:

	Side Weld	Seal Top Reclosable	Bottom Seal
Printing?	One or Two Colors, One Side	One or Two Colors, One Side	No Printing
Sizes Available?	From 2½" to 20" Wide From 3" to 45" Long	2½" to 20" Wide Lengths: 4", 5", 6", 7", 8", 9", 10", 12", 15"	2" to 30" Wide 4" to 30" Long

THE ELKAY® DIFFERENCE

But it's not just about manufacturing capacity. Your Elkay Sales Consultant has the training and experience to help your customer get the best bag for the job. Elkay Sales Consultants regularly work with our distributor customers and the end-user, coordinating with the Elkay Custom Department to find the best solution to tough packaging challenges. Just a few of the variables that are considered when custom designing a bag include size, gauge, material, configuration, printing and, of course, what the bag will be used for. With over 3,000 in stock items and our vast custom manufacturing abilities, Elkay can be your one stop supplier for all of your poly bag needs.

Contact the Elkay Custom Team at (800) 631-6131 to get started on your custom project today!

**8 colors printed per side dependant on bag configuration. Most bags can be printed up to 6 colors per side.*

Elkay® Plastics sells to authorized distributors. For information on how to contact an authorized distributor in your area or to apply to become an Elkay distributor, contact us at **(800) 809-8393** or visit **www.elkayplastics.com**

TERMS AND CONDITIONS

MINIMUM ORDER: $100 Net (a $10 small order charge will be added to orders of less than $100)

TERMS: (On Approved Accounts) 1% 10 days, Net 30.

SALES TAX: Sales tax will be charged unless a current sales tax exemption certificate is on file with Elkay.

DELIVERY: Freight prepaid on orders of $2000 or more for a single shipment to the same destination. Orders less than $2000 are shipped freight prepaid/add or freight collect. UPS shipments are prepaid/add. Additional freight costs that may be incurred for inside deliveries, lift gate, residential deliveries, or sort and segregate activities must be paid by the Buyer.

INSPECTION: Buyer should inspect Products as promptly as practical after receipt. However, unless earlier rejected or accepted, the Products shall be deemed to be accepted 5 days after receipt by Buyer.

RETURNS: Incorrect shipments will be exchanged or refunded after inspection by Elkay personnel if Elkay is notified within 5 days of receipt of Products. Except for custom orders, other returns may be made within 10 days of receipt and are subject to a standard 15% restocking charge. Returns must be shipped freight prepaid. Buyer must obtain return authorization and shipping instructions from our Customer Care Department before returning Products.

PRODUCT WARRANTIES: Products are warranted for 90 days from the date of delivery to be free from defects in material and workmanship and to conform to Elkay's published specifications applicable to such Products. Elkay makes no other warranties, express or implied, including without limitation warranties of merchantability or fitness for a particular purpose. In no event shall Elkay's liability for breach of warranty exceed the price of the Product involved.

DAMAGED SHIPMENTS: Although Elkay pallet wraps almost all orders to protect them in shipment, damage in transit occasionally does occur. If your shipment is damaged, write the details on the bill of lading, put the shipment aside and notify the freight carrier. It is the Buyer's responsibility to file a damage claim with the carrier promptly after inspecting the shipment.

SAMPLES: As an additional service, samples are provided free of charge for most Products listed in our catalog. However, we reserve the right to limit quantities. Samples may be requested via your Elkay sales representative or online at ***www.elkayplastics.com***

CUSTOM ORDERS: Requests for items not found in the catalog can be made through our Custom Manufacturing Department. Refer to page 24 for more information.
